

STRONG

VERSABOX™

Maximize the limited space behind ultra-thin TVs with the Strong VersaBox™. This smart box holds all the equipment needed to power a TV, and keeps it completely hidden from view. Plus it has a built-in shelf so you can dual-layer components for even greater space savings. Create sleek flat panel setups with ease – whether it's in a bedroom, living room, conference room or other similar space.

STRONG
VERSABOX™

STAYS OUT OF SIGHT

Getting quality video and audio requires a lot of different devices – DirecTV boxes, Blu Ray players, Apple TVs, routers, wireless subs and more – but no one wants to look at all that equipment. That's why the Strong VersaBox™ goes in the wall, keeping everything conveniently out of sight.

PROFESSIONAL -GRADE CONSTRUCTION

A box that's going to live in the wall needs to be tough, which is why this one is made of rugged, extremely durable ABS plastic. It mounts directly to any stud, drywall or ceiling and has a vented lid to keep equipment safe and cool for years of trouble-free enjoyment.

EASY TO SERVICE

From time to time TV equipment needs to be serviced, and the VersaBox makes it easy. A smart design with a breakaway shelf allows for fast access to every device it holds.

Product Dimensions:	15.4" W x 14.6" H x 3.9" D
